

Goliath

When you think of Goliath, you think **BIG**, right? If you've got a big pool appetite, Thursday Pools can satisfy that craving. Our Goliath is a pool that packs a powerful punch. It's a force to be reckoned with. Take a bite. We double-dog dare you.

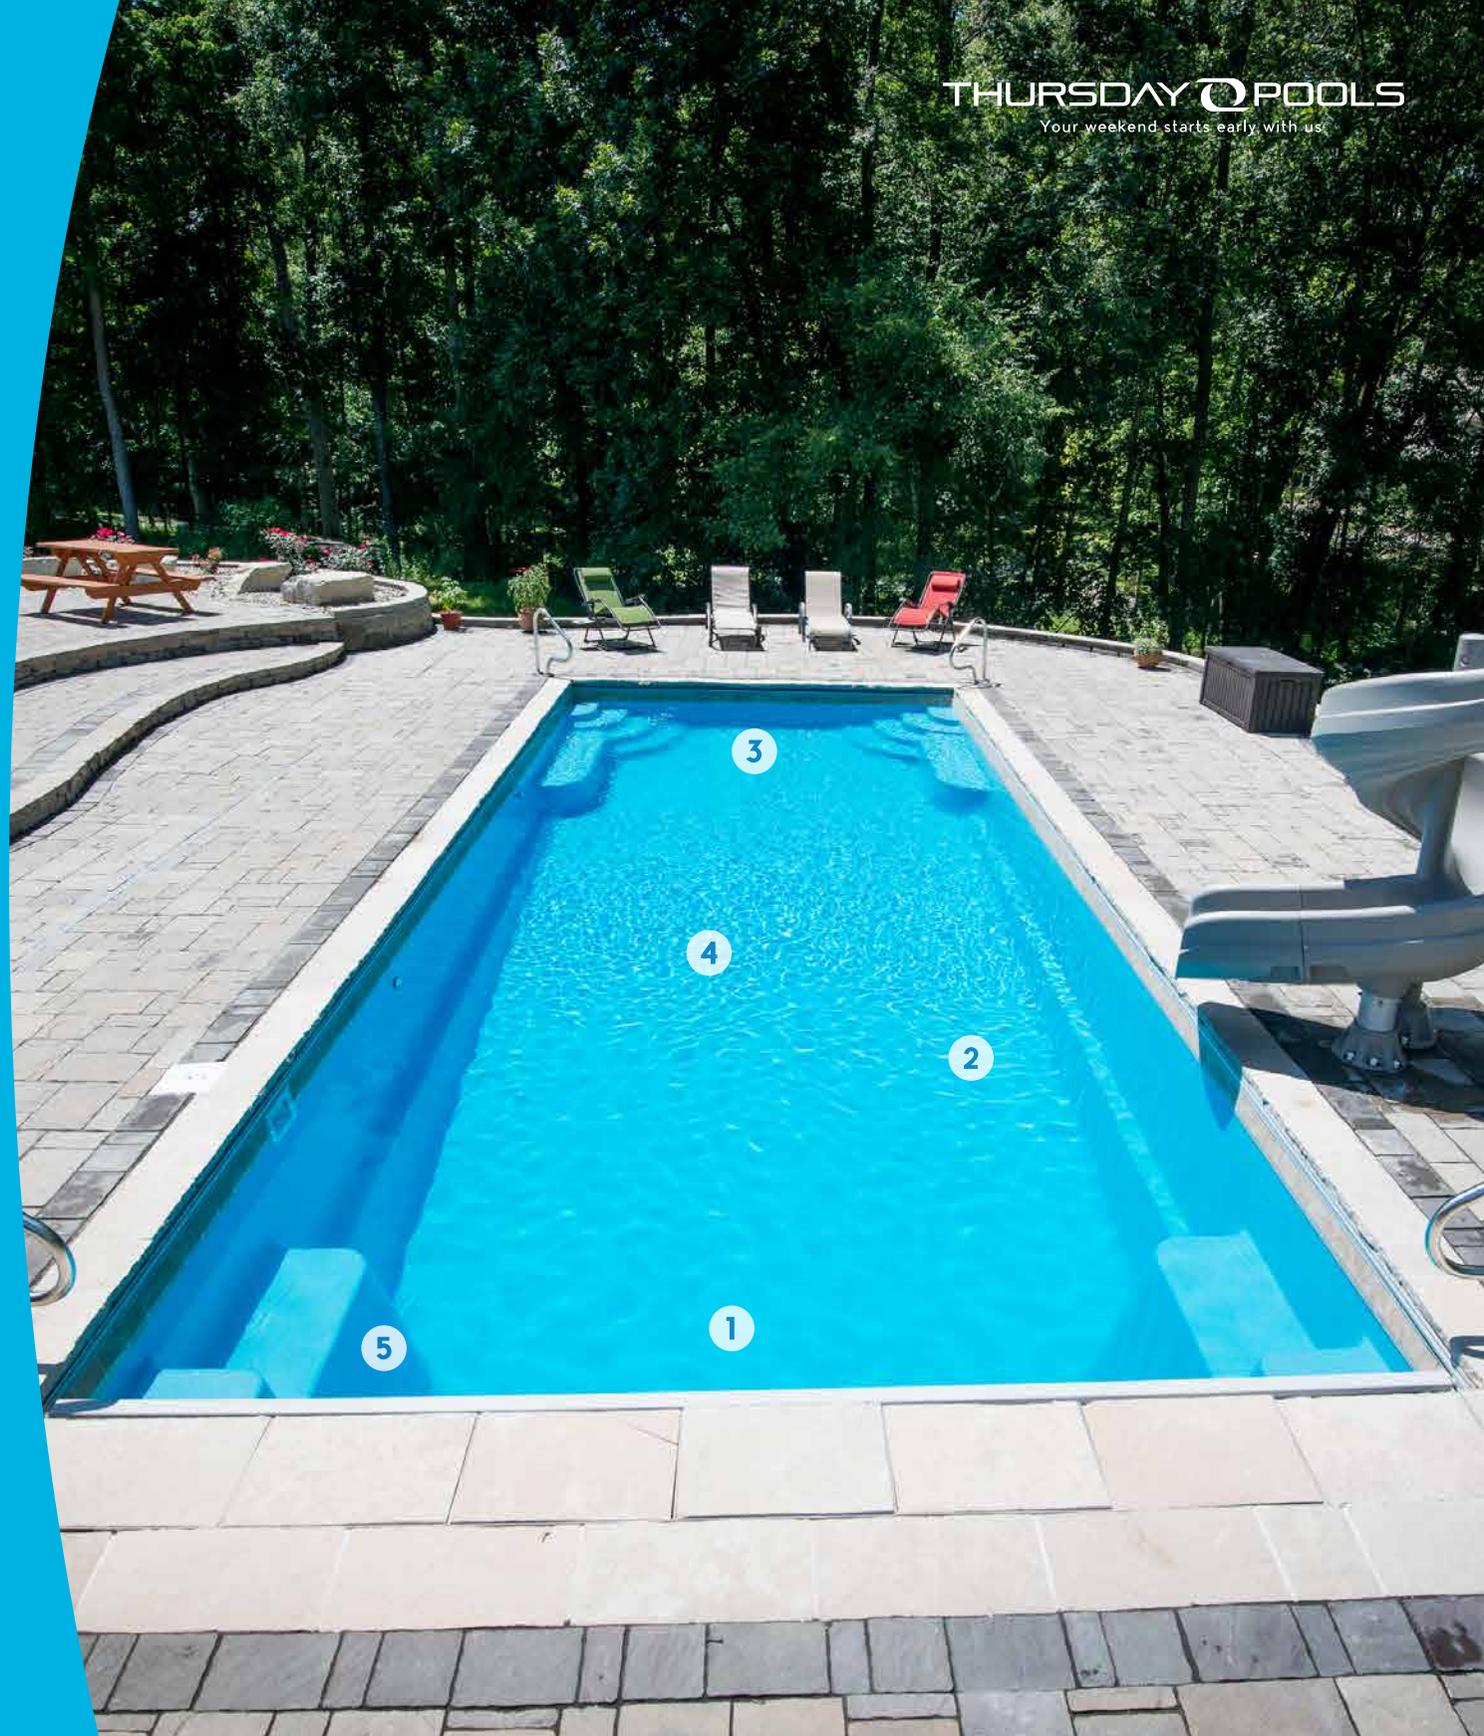

Pool Sizes

16' x 33' 6"

16' x 37' 6"

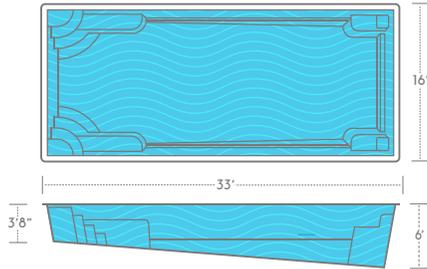

16' x 41' 6"

1. **Big and beautiful.** Its sheer size will make your neighbors envious.
2. Non-skid surface on floor, stairs and benches.
3. Dual corner entry steps with benches can accommodate most backyard designs.
4. Swim lane.
5. Dual, deep-end benches with swim-out.

16' x 33' 6"

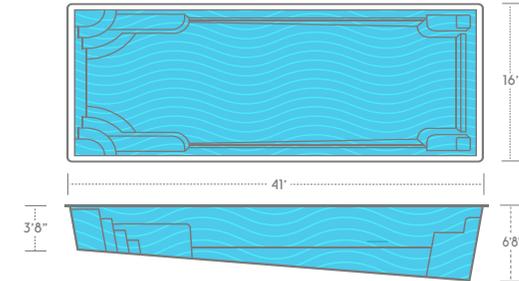

Goliath

16' x 37' 6 4"

Goliath

16' x 41' 6 8"

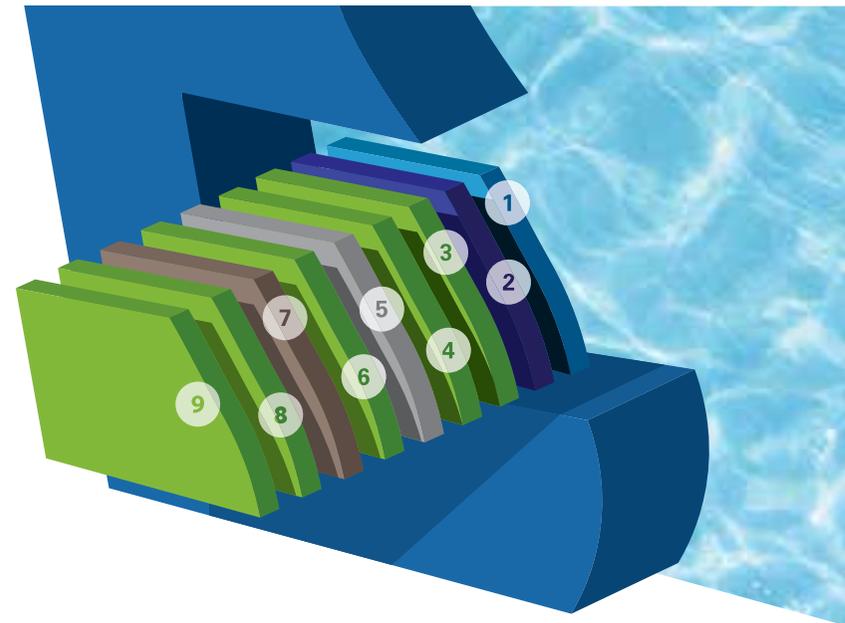

Nine Layers Of Strength

The Composite Sandwich of Awesomeness

Let's think of a fiberglass pool shell as a huge sandwich. A sandwich is a composite, which basically means it's made up of different materials. Each material is applied in layers with the goal of giving the entire sandwich maximum flavor.

Such is the case with a fiberglass pool. It's a composite. It's manufactured in multiple layers with each layer serving to maximize the strength and durability of the entire structure. In other words, our fiberglass pool is thought of as a sandwich of strength. Hence, we affectionately refer to our unique manufacturing methodology as our **Composite Sandwich of Awesomeness**.

1. Gel coat.
2. Vinyl ester barrier coat.
3. First application of chopped fiberglass.
4. Second application of chopped fiberglass.
5. Hand-laid woven roving fiberglass.
6. Third application of chopped fiberglass.
7. Honeycomb core.
8. Fourth application of chopped fiberglass.
9. Fifth application of chopped fiberglass.

*Handrail, rope with floats, and safety equipment may have been removed for photography purposes. Thursday Pools requires that all pool installations install a handrail and comply with all federal, state and local building codes.
